So welcome back local quilters, it's good to have you back. We have had a very busy summer. I am sitting in my garden writing this on a fabulously hot evening, it doesn't get any better than this. Lets hope it continues to be lovely weather.

Our Longest Day Retreat coincided with the opening day of the **Row By Row** game, the 21st June, so instead of celebrating Aboriginal Day out of doors we were stitching and showing off this year's row, which is a stained glass can-can girl with Northern Lights.

Our row has been very favourably received. Lise Merchant did a fabulous job of the design and it looks spectacular. Laurie and I made a sample each, one for the shop and one for the pop-up store. For those who want to make one and feel they need to learn the technique or have a revision, Lise is teaching the stained glass technique this term.

The pop-up store in Carcross goes from strength to strength, thanks to the collaborative work of my staff and last year's experience. We worked out many of the kinks from last year and it is all so much easier this time round. Thanks to all the staff who have worked hard this summer selling and supplying all the goodies in this cute little store.

Staff wise we have very little change, **Judy Gibbons** who is back teaching in the shop has been helping out behind the counter this summer. Pauline's health is improving but she is not fit enough yet to return to teaching or the shop. We still hope it will happen soon.

Vanessa Austin will join the teaching team this term. Welcome; we look forward to your class.

I was thinking today as we were working in the shop about how our fabrics have changed. When I first started quilting **the panel**, which was either a cartoony design or an outdoor scene, was referred to as a 'cheater panel' and

we did not hold them in high esteem. They were often printed on a fabric that didn't feel wonderful to the touch either. And then Jody Bergsma moved from painting to fabric design. We were impressed and the quality was fabulous. The printing was so like her gorgeous painting and we have not looked back since. Her panels were actually 6 or 8 smaller pictures, to our delight and the delight of our summer visitors, the subjects are nearly all northern animals. Our problem was how to use them. I have spent a lot of time pondering and plotting simple patterns to show off the panels. The more I designed it seemed that the more panels were available, so there is an endless need for ideas. My brain hurts. In the second year of her move to fabric, other designers were jumping on the bandwagon, there were even more panels available. Sue Cuccia is one of my favourites with her line called Animal Spirits. Not only are the designs on fabric, but in colouring books and household items. The size of the pictures within the panels began to change, instead of 6 equal sized pictures there are now panels with large and small pictures, even harder to design a simple quilt pattern. Next came the **digitally printed fabric**. It is slightly more expensive and the images appear as clearly as photographs. Again the images are mainly wild northern animals and are just gorgeous. Now I am wracking my brain for ideas to show these off. Mostly these large panels are being used as wall hangings, and we have some samples in the shop. While these are available the tourists are loving them. I am always thrilled when we sell a kit that I designed and know it is going to be completed in a town I have never been to in North America, or even Australia.

But nothing lasts forever and no doubt the next change in fabric design will thrill us just as much. Lastly, just a sincere thank you to the staff and customers - what would the shop be without you!

New Term Sale

This year it has been a bit difficult to get a date for the **'after sign-up sale'**, as I was trying to juggle several events. The September long weekend always delays the beginning of the quilting season. Bernie and Shelley fit us in between their other commitments and for the Haines Junction Retreat I need to coordinate 3 components. So this means that the sale will be on **Sunday 9th and Monday 10th of September**. Sunday we will open at 10:00am and close at 4:00pm, Monday will be normal hours 10:00am 'til 6:00pm. You will only have signed up the day before but you can certainly make decisions about the fabric you need.

As always we will have Saturday Savers and the schedule for these can be found on the back page, add it to the notes on your fridge.

Sunday, September 9th 10:00am to 4:00pm
Monday, September 10th 10:00am to 6:00pm

We appear to be starting the quilting season with this retreat, a bit earlier than usual, but with no less enthusiasm.

We begin on Thursday morning, some of us are out in Haines Junction the night before so we are close to the start line.

Jonathon feeds us the three evening meals, and we organise the remaining meals which are self catered. In the four days of the retreat you can really get to grips with a lot of projects, start new ones, or finish a few of the old ones.

There are various options for sleeping, but the majority of us stay at the Alcan Inn, the rooms are already booked. We have a lot of fun and often get to make new friends.

Class Level Guide

In an attempt to guide you to the degree of difficulty in each class we have designated the following words:

BEGINNER

Those straight from QuiltStart would manage these classes and every other level are welcome, of course.

CONFIDENT

If you were an experienced sewer before QuiltStart this would be do-able, or if you have made a few quilts and you feel confident.

CHALLENGING

These require considerable experience in quilting, and will take time and patience. But you have to sew your first challenging quilt sometime.

This is only a guide to let you know what to expect from a class.

Class credits

We offer you the opportunity to earn 1/2 price and even **free classes**. Each class you attend will give you points towards this goal. This is in addition to the free meters of fabric you can earn by using your BPQ fabric card.

◆◆◆◆ 3 points = 1/2 price class

◆◆◆◆◆◆ 6 points = 1 free class

The points do not carry forward from one teaching session to the next, but your free class can be used or saved.

What the symbols mean

= beginner/confident level class ◆ = 1 point

= challenging level class ◆◆ = 1/2 point

with Vanessa Austin

Not a watercolor artist? No Worries!

Create a watercolor art quilt simply with a panel and some easy piecing. It's all about your fabric choices. The sample is done with a Cityscape Panel but a fade away floral or woody looking panel would be equally artistic.

Learn tricks and tips to speed piece while keeping your strips in order. You will have a piece of art without ever picking up a paint brush! It's a great project for those who have completed QuiltStart and want to expand their quilt collection! Good for all other quilters who want to get artsy.

12. Ice Tea Cooler

with Karen Berrel

I liked the look of this table runner from the beginning. The combination of triangles made from strips makes it very attractive. I have changed the directions somewhat to make the pattern easier to understand. Just start with some strip sets and go from there. Wouldn't it be wonderful in Christmas colours, too?!?

A fun, 3-D project idea sparked by English paper piecing. Choose from one or more of the small, medium or large wall stars for our introductory class, then once you have the technique down you can try out more of Indygo Junction's Fabriflair patterns. Class project is done by machine but hand piecing is an option.

This class is suitable for a confident beginner.

16. Storm at Sea

with Ruth Headley

This is a tried and tested pattern and once was made by template piecing. Now happily it is made using the paper piecing method and so accuracy is guaranteed. It is traditionally made with pale blue and pale yellow but just look at the internet and see the many vibrant colour combinations.

All the fabric is precut so that it progresses very fast, and if you already love paper piecing this quilt will be a delight to make. If you want an introduction to paper piecing this is an ideal pattern for you to learn on.

18. Block by Block

with Ruth Headley

BEGINNER

This modern quilt is made a block at a time and then that block is quilted. Then the blocks are put together.

I went to a class in Vancouver with Melissa Marginet (whose book I use to teach Walking Foot Quilting). She has combined a modern "quilts as you go" method with her straight line quilting to great effect.

I am loving it as it gives an opportunity to make a larger quilt without having to handle the whole of the large quilt on a household machine. An alternative would be to subdivide your blocks and make two smaller quilts. I am using Graphic Mixx for the blocks. This is a fabulous technique to learn if you are not being very successful with free motion quilting. I actually learned several methods of "quilt as you go" and will include them in future classes.

with Ruth Headley

CONFIDENT • CHALLENGING

At last I have scheduled another One Block Wonder. I just love this pattern and technique. This quilt is made with a 4-metre piece of interesting fabric, and it is turned into many, many kaleidoscopes. It is without a doubt a lot of stitching but the end result is well worth it. We include an evening of design and you get to learn how to incorporate tumbling blocks. If you don't get in to this class I will teach it again soon.

26. Mystery Quilt

with Ruth Headley

CONFIDENT • CHALLENGING

 Mystery Quilt is organized over 8 installments, and you have no idea what the finished quilt will look like until the end. You get an installment at each of the monthly meetings, where I give you helpful hints as I work a month ahead of you. You can guess where the instructions are leading you but you may be wrong! If you can't make a meeting then you can pick up your installment at a later date.

This is a combination Reveal and Start-up class. By now everyone will be at the end of the last Mystery and be ready to start the new one called *Quilters Friendships*. It is an ideal opportunity for quilters who are thinking about trying this class to come and see the previous results and get inspired. You can go with one of the two set lines of fabric that the designer recommends. The lines used are Portsmouth by Minick & Simpson or La Vie En Rouge by French General. These are on show at the shop, or you can be brave and choose your own fabrics. Many choose their own and are very successful. I went it alone this time too.

CONFIDENT

 With the success of our Row by Row can-can girl there has been a request for a class to learn this technique. Not that you will be able to tackle the can-can girl as a first project.

Lise will take you through from start to finish using one of her mini-patterns then you will be ready for the big league. If you are experienced in this technique then a bigger project should be fine.

37. Inn on the Lake Retreat

with Very Lucky People

This retreat like the others was signed up a few months ago. You all know that the sign-up dates for the retreats are published in every newsletter. We obviously have to book the venues well in advance, so then we are able to let you sign up, and then get organized for time off work. We are treated royally at Inn on the Lake, it feels very luxurious to be there and use all the facilities. We have the evening meals provided and self cater the daytime meals. Because it is a small resort we are restricted to only 15 people, so if you feel you want to come next year, get organized, first come, first served.

38. Graduation

with Terry Funk

CONFIDENT

 This quilt is from a great book called "Precut Primer". It is like a workbook with quilts from Grade One to Twelve. I chose Twelfth Grade. It's a fat quarter quilt with big blocks. Great for confident beginners and experienced quilters.

39. Pine and Dandy

with Vivian Bales

ALL LEVELS

 Keeping with the tree theme, come join me for the day in making this fun and modern holiday table runner. Not only is it great for using up scraps (you know I love a good scrappy), but it's also a very good excuse to pick up "just a little bit" of some fresh new fabrics. You can make it really Christmas-y or choose fabrics that would lend themselves to a longer season. Everyone going home with a completed top is a possibility, while less experienced quilters may have a near finish! How can you resist that?

40. Rip Tide

with Dianne Hart

BEGINNER

 This is a quick and easy quilt to have fun with. Choose colours from an analogous (side by side) with a flow from light to dark, or make it scrappy with interesting contrast. Stack, wack, shuffle and repeat ☺. Come dance with the colours.

42. Licorice Twist

with Laurie Jacobsen

 A table runner with a twist!

This interesting and easy pattern will stitch up quickly in your favourite colours. Go bright, sophisticated, vintage or country. Batiks will be stunning. Small prints are best, although the middle square in each block can handle a larger print. Lots of room for design play with light and dark values. What ever strikes your fancy!

The pattern comes in 3 sizes. Blocks and borders can be easily adjusted to fit your table.

43. Raggy Quilts

with Ruth Headley

 Always popular this is an ideal way to get a big quilt that is already quilted when you put the blocks together. It is always made with flannel so it is perfect for a cosy couch quilt. If you are itching to try or practice free motion quilting, this will give you the opportunity. Just right for beginners.

44. Elephant and I

with Tara Schultz

 "Walk on the wild side with applique, paper piecing and improvisation".

That pretty much sums up designer, Jennifer Sampou's, quilt project (or pillow). If you've always wanted to try paper piecing but weren't sure where to start, this might be the project for you. Or maybe applique has seemed a bit overwhelming. This project has just the right amount of both.

46. Machine Binding

with Laurie Jacobsen

 Putting your bindings on entirely by machine has become very popular, and is now acceptable at shows and competitions too. So here is an opportunity in a single teaching session to learn the easy and fast technique. I shall try to fit in other bindings as a demo only - whereas in the class you will be adding a binding to a small project.

We request that you leave babies and children at home when you come to a class. Teens are welcome in all our classes.

You are not officially registered until you have paid. GST will be added to class cost. You may pay for a class with Visa, MC, debit card, cash or use your class points.

Cancellation: In the event you cannot attend a class that you have paid for, we will issue credit or transfer you to another class if we receive 7 days notice. If we receive less than 7 days notice, we will give you class handouts, but no refund can be given.

Class Minimum: A class must have 3 students.

Sewing Machines: Please bring your own machine in good working order. An instruction manual for the machine is essential. Don't forget to bring extra machine needles. BPQ does have Bernina sewing machines for rent - see our Sewing Machine Rental Policy.

Supply Lists: are available for each class at the time of registration. Read it carefully and bring everything on the list.
