## BPQ Fall Classes 2006

Another brief but glorious Yukon summer has flashed by and it's time to tidy the sewing room and check on the status of unfinished and new projects. We have some great fabric collections already arriving in the shop: our **Christmas fabrics** are arriving, some wonderful **new design books** have come out during the spring and summer and we are now carrying the new **Fons and Porter notions**.

Judy Gibbons has taken a well-deserved break from teaching and staff duties and is being replaced by Carol Smith who has been working in the shop all summer. The rest of the staff are all on board with a new semester of projects and techniques. Check out how you can earn free classes and give some thought to the new **"Quilt School"** credit system when you sign up. We are offering the usual **Retreat** venues again and Power Quilting will resume on the last Saturday of each month. Joanne Love has lined up some great **Bernina Club Projects**. We extend a welcome to **Judy Regan** from Juneau who will be teaching a Celtic Knot quilt in September. We know you will love her thorough and lively teaching style. **Class sign up day on September 9th** will include refreshments, 10% off storewide sales, a 50% off table and 30% off on all batik fabrics. If a book is required for a class, it will be available to you at a special reduced price. Please check our website ([www.bears pawquilts.com](http://www.bears pawquilts.com)) for notice of new fabric collections, special price promotions and a schedule of classes.

And last but not least, we want to report that **Quilters Without Borders** made two dozen beautiful quilts for charity last year. The Teen Parent Centre and a family whose home burned down were the recipients. Judy Gibbons will head up the Quilters Without Borders again this fall and you are invited to drop by their display on sign up day.

## Bear's Paw Quilt School

This year we are opening our Bear's Paw Quilt School. It is initially for the benefit of the beginners, to organize and encourage them to make as much progress as possible in their quilt skills. Begin with QuiltStart and aim for the BPQ freshman level. When you sign up for QuiltStart you automatically start on the route towards the freshman level. Upon completion of QuiltStart you will receive a certificate listing your new skills. Even if it takes a year to get your quilt finished for the completed quilt photo, that's ok. After that your portfolio has really started.

For each class you attend, that is marked with a BPQ freshman symbol, you will receive a certificate and a photo and you move another step towards the freshman level. There is no set sequence for attending the required classes. There is no time limit, go slow and take years, or speed ahead and try for a year. Later we will publish the BPQ sophomore and BPQ graduate level requirements.

Meanwhile, any quilt class marked at the sophomore level can be banked. We hope that past

QuiltStarters will want to join in and get their certificates back dated.

To achieve BPQ freshman level you must fulfill these criteria:

- \* Attend QuiltStart - class time of 10 hours
- \* Attend a class that uses triangles in the design
- \* Attend a class to learn paper piecing
- \* Attend a Level 1 colour class
- \* Attend a class that includes fusible web
- \* Attend a class that uses flannel fabric
- \* Attend at least one traditional piecing class
- \* Machine quilt a minimum of three small quilts (table runner, wall hanging, baby quilt)
- \* The Freshman level must total 52 hours of teaching, (QuiltStart plus 6 more classes.)
- \* Keep records of your quilt projects for your portfolio.

More details will be released as we go along. There will be a graduation party, of course.

## Class credits

We are now offering you the opportunity to earn 1/2 price and even free classes. Each class you attend will give you points towards this goal. This is in addition to the free metres of fabric you can earn by using your BPQ fabric card.

◆ ◆ ◆ 3 points = 1/2 price class

◆ ◆ ◆ ◆ ◆ ◆ 6 points = 1 free class

The points do not carry forward from one teaching session to the next, but your free class can be used or saved.

### What the symbols mean.

 = freshman level class    ◆ = 1 point  
 = sophomore level class    ◆ = 1/2 point

### Skills Yukon

This is an organization that runs clubs to promote trades and technology. Competitions are held in the Yukon and the winners then compete within the Skills Canada group. Two years ago Ruth Headley and Cathy Miller started Skills Quilting for students at the secondary level. The club is held once a week at BPQ from 3:30pm to closing time. Feel free to visit and provide encouragement if you see us stitching away in the shop.
