Hello again,

I love it when all the regular locals are back running down the stairs. It has been a while since we were all together.

I was not optimistic about the summer, but so far, to my delight, I have been proven wrong. The tourists returned, not in the large numbers like before but enough to make us work hard. We hadn't made kits for a couple of years - but resumed this year - hurrah. Almost all the visitors were RV people, and a few were cruisers. Let's hope it is a permanent improvement and we will be running at full speed next year with full staff returned. Until then I am eternally grateful for their visits.

There has been no change in the shop staff except Steph, my little sister, has been in the shop for 6 weeks this summer - she has really enjoyed herself - moving stuff around. She has found a way to put her marketing degree to really practical use. I love it, having her here.

We were really lucky to get all our Northern Sky fabric again and so we made a swack of Layer Cakes and a load of Suduko bundles. Both of them have sold well, as have the many panels - especially the larger ones that make fabulous Attic Windows quilts.

I shall as always close this with a huge thanks to you, the loyal customer, for continuing to support the shop through this awful Covid time. And of course the fabulous teachers and counter staff. You all go above and beyond for the shop and myself. Thank you all.

~Ruth and the staff of BPQ

BERNIE & SHELLY

It was great to have this dynamic couple in the shop again. They came for 10 days in May and serviced 140 - **yes, 140 machines!** It was a mammoth task. We are so grateful that they drove from Saskatoon to help us out. They will return next year in spring.

6. Ruler Work

• BEGINNER •

with Gwen Laxton
 Part One - There are many forms of quilting to complete a project, walking foot, hand quilting and free motion. This class deals with free motion quilting. In particular free motion, using rulers. Rulers can be very intimidating (as can any free motion quilting). Practice, practice and more practice to get comfortable. This class will provide time to do just that, practice, practice, practice and with patience you will get it. Join me to learn some basics about working with rulers. We'll be practicing on muslin sandwiches.

Wednesday, September 21st 6:30-10:00pm

Part Two - Now that you've practiced your new skill with quilting rulers, use them to quilt a small project such as placemats or a table runner. Whatever your project is, it will need to be ready to quilt. Many different rulers will be available to use.

Grace from The Junction is our fab caterer and we sew, play, eat and drink at the Village Convention Centre. One of our objectives is to fill the floor of the theatres with completed quilts. We usually succeed. It's such a delight to start the new term this way.

✂️ This McKenna Ryan applique pattern will make a nice sized wall hanging for someone who enjoys fishing. It's ideal for those fun batiks that you've been keeping, or maybe some cool cotton prints. Or maybe you've got the 'perfect water' fabric for the background. Either way, let's build this fun wall hanging.

BEGINNER

✂️ This bag is a classic. Pattern includes two sizes: big and bigger! Beautiful as a pieced bag or with just a few different fabrics, the choice is yours. Easy to put together, roomy and open - all this makes a really great, all-purpose tote.

Class suitable for confident beginners and up.

14. Birds of a Feather

with Karen Berrel

ALL LEVELS

✂️ Learn how to "paint" backgrounds for your art quilts, expanding upon one of the techniques introduced in the 3-D Leaves class from last fall — but the 3-D class is most definitely not a pre-requisite for this class. You will also learn how to produce some "painted" details such as feathers in the central birds of the sample piece.

Although you will receive basic patterns for the birds you see in the sample as part of a purchased kit, if you feel confident enough, try tackling another bird of your choice. You will also learn how to make the 3-D feathers shown in the sample, to embellish this art piece, and future art pieces. I had so much fun making this piece, and I am sure you will, too!

with Ruth Headley

CONFIDENT

✂️ This quilt has an exciting 3D appearance. It was a 40" x 40" wall hanging, but I wanted a bigger quilt, and it was amazingly easy to increase the size to lap quilt. You can choose which size you want.

It is simple piecing, no Y seams. Fabric choice is light, medium and dark plus background.

Class Level Guide

In an attempt to guide you to the degree of difficulty in each class we have designated the following words:

BEGINNER

Those straight from QuiltStart would manage these classes and every other level are welcome, of course.

CONFIDENT

If you were an experienced sewer before QuiltStart this would be do-able, or if you have made a few quilts and you feel confident.

CHALLENGING

These require considerable experience in quilting, and will take time and patience. But you have to sew your first challenging quilt sometime.

This is only a guide to let you know what to expect from a class.

with Ruth Headley

CONFIDENT

 I designed this quilt about 15 years ago and have been longing to teach it again. Scrappy quilts are notorious for needing hours of cutting so I have already prepped a starter kit of 4 3/4" squares that you can add to from your stash. The quilt is made entirely of two triangle squares and light, medium and dark fabric as implied by the title.

with Karen Berrel

BEGINNER

 This easy to make table runner is a sure-fire hit. Three basic colours, or three colour-ways, are all that is needed to start with. Straight seams and half-square triangles are put together to make a lovely table runner suitable for any time of year, or for special occasions, depending on your colour scheme. (Spoiler alert – you might want to turn this into a fabulous border for a special quilt, OR a full-sized quilt!)

20. Cinderella

with Dianne Hart

BEGINNER

 This pattern is very versatile as it provided measurements for several sizes, and the inner block can be changed to any pattern you may like or even a feature fabric. In this class we will focus on the block in the picture as it offers a great opportunity to learn different ways to sew flying geese and half square triangles. We will demonstrate binding for inside and outside curves, as well as provide instructions on a much easier way to finish the edges 😊. This is a great pattern for using those stray blocks left over from other quilts. Join in the fun!

21. Harlequin

with Laurie Jacobsen

BEGINNER

 I love the bold, colourful, elongated diamonds in this quilt! Your fabric choice is easy, a Layer Cake, two accent fabrics and 4 'border' fabrics. The Layer Cake has a good combination of light, medium and dark fabrics that will make the diamonds twinkle. This pattern is well written and accuracy is built-in because we use a triangle ruler template to cut the pieces. And the blocks go together beautifully. I liked it so much I made two. What a difference the fabric choice made in the look of the second quilt!

ALL LEVELS

 This is a fun quilt that comes in a variety of sizes and is pieced together fairly quickly. The half Hexi's line up nicely to highlight the movement

Special rulers are not required, but if you have a Hex N More ruler, bring it along. Ruth is offering a walking foot class in December.  Finally, a patterned, pieced, landscape quilt! The texture and pattern of autumn birch trees in a forest inspired this design. I love how this quilt can easily be used as either a good-sized lap quilt, or hung as an art quilt. Organization is the key to this make-up of squares, rectangles, half-square triangles and curved piecing. An accurate quarter inch will serve you well, too. You can make it as modern or traditional looking as you like, depending on fabric choices. Come join me on this trip into the Wilderness!

30. Faux Torn Paper Landscape

with Karen Berrel

Reading about a technique developed by quilt artist, Eileen Siercy, inspired me to make a quilt using her technique. Any of you who are familiar with mixed media techniques will know all about tearing up bits of paper to make an art piece. Well, we won't be tearing anything, and we'll be using fabric instead of paper, but we will be making an art piece that looks and feels rather like it is made from torn paper. You will be receiving written instructions to go along with the class instructions. Last spring saw many of our local quilters making their own fabulous art pieces using this technique. Search your photographs for inspiration, and let's take this cool, new journey.

Teaching will include tips to enhance success in creating your art cloth as well as ideas on how to use the cloth once its finished. Come prepared to have some fun. All About BPQ Retreats

It has evolved over the years that we do early sign-up for our Quilt Retreats. Rather than waiting for class sign-up days in January and September, we begin the sign-up for these coveted getaways earlier. Don't despair, on Facebook, we let you know when sign-up will begin. Keep your eyes open for registration.

Location	Sign-up begins	Retreat Date
BPQ Birthday	January	late-February
Haines Junction	mid-October	April
Longest Day	April	late-June
Haines Junction	mid-June	late-September
Inn on the Lake	June	mid-November

Bear's Paw Quilts - Workshop Policies

Classes are open on a first come basis. When a class fills up quickly, we often put people on a wait list and schedule another class.

We request that you leave babies and children at home when you come to a class. Teens are welcome in all our classes.

You are not officially registered until you have paid. GST will be added to class cost. You may pay for a class with Visa, MC, debit card, cash or use your class points.

Cancellation: In the event you cannot attend a class that you have paid for, we will issue credit or transfer you to another class if we receive 7 days notice. If we receive less than 7 days notice, we will give you class handouts, but no refund can be given.

Class Minimum: A class must have 3 students.

Sewing Machines: Please bring your own machine in good working order. An instruction manual for the machine is essential. Don't forget to bring extra machine needles. BPQ does have Bernina sewing machines for rent - see our Sewing Machine Rental Policy.

Supply Lists: are available for each class at the time of registration. Read it carefully and bring everything on the list.

Place: All classes are in the BPQ classroom. Ironing boards and irons are provided. 2 large cutting mats are provided. Please bring anything else you may need, and label all your personal equipment.

Bear's Paw Quilts - Sewing Machine Rental Policy

- ◆ In the interest of encouraging beginners to quilt, Bear's Paw Quilts has purchased entry-level Bernina's that are available for rent.
- ◆ Cost of machine rental is \$35 per day or \$15 for half a day **or less**.
- ◆ The rental machine must be booked and paid for at the time of class registration. In the event you wish to cancel either the machine rental or the class, you will recover full credit for your payment only if we receive the cancellation **7 days before the class date**.
- ◆ At the time you book the sewing machine, you must make an appointment for a brief instruction on the use of the machine.
- ◆ The machine is kept on the shop premises at all times. You may not take it home.
- ◆ You must provide your **own thread, machine needles**, personal sewing equipment and supplies. Any bobbins that you use must be left with the machine at the end of the rental period.
